

Celebration Will Mark Opening Of Freeway Aug. 14

George Goebel Slated To Be Attraction When Ribbon Cut

Preparations have been completed for the official opening of the freeway between the Nevada state line and Floriston on August 14 at noon.

The Truckee Chamber of Commerce, in cooperation with the division of Highways and other agencies, has outlined a tentative program marking the opening of this important section which is the first leg of the new freeway across the Sierra and advanced in building to accommodate the travelers to the 1960 Winter Olympic games.

N. F. Dolley, chamber president, who heads the committee in charge of arrangements, said George Goebel, internationally known comedian, who will be starring that week at Cal-Neva Lodge at Lake Tahoe, will officiate as master of ceremonies at the ribbon-cutting ceremonies at the site of the new highway and at a luncheon meeting at Smart's immediately following the opening.

A band from Crystal Bay Club will provide music for the two occasions.

Many California and Nevada state officials, including Gov. Knight and Gov. Russell, have been invited to attend the ceremonies and it is expected that a large crowd will be on hand, including state Olympic planners as well as highway and public works officers. Immediately following the luncheon, a tour of Squaw Valley to see the progress made in providing facilities for the Olympics will be conducted.

The tour will leave the Southern Pacific depot at 11 a.m. for Floriston where the ribbon cutting will take place and where brief ceremonies, including band music and short talks will take place. The visitors will be provided with buses and cars, if they desire.

After the ceremonies at the site of the opening are over, the group will drive over the new highway to the state line and return to Truckee.

The luncheon has been arranged for one p.m. and there distinguished guests will be introduced and make brief response.

After the luncheon, the tour of Squaw Valley will be made and the afternoon's celebration ended.

Dolley is working closely with division of highways officials, including Alan Hart, district engineer, in preparing for the event which gives promise of being one of the most outstanding ever held in this community.

Because of limited space, the luncheon at Smart's will be confined to members of the chamber of commerce and invited guests and will not be opened to the public, Dolley said.

BAY OWNERS DONATE LAND FOR OLYMPICS

Mrs. Florence H. Ehrman of San Francisco and Mr. and Mrs. Ernest N. Kettenhofen of San Anselmo have donated the use of more than 1720 acres of valuable Lake Tahoe property to the California Olympic Commission for cross-country ski racing in connection with the 1960 Olympic Winter Games at Squaw Valley, Commission Chairman Charles R. Blyth revealed.

The Kettenhofens and Mrs. Ehrman are the first of 15 landowners in the McKinney Creek and Squaw Valley areas to permit Olympic officials to stage cross-country events on their land. McKinney creek is approximately 12 miles south of Squaw Valley.

Mrs. Ehrman, donated the use of 1440 acres while the Kettenhofens, donated 280 acres.

"I'm delighted with the opportunity to cooperate with the Olympic games organizers in furthering these great international competitions," Mrs. Ehrman said.

The Kettenhofens and Mrs. Ehrman have given the commission the right to prepare courses necessary for conducting both trial and official Olympic events.

The commission has also obtained, at no cost, similar rights over 1580 acres in McKinney Creek and Squaw Valley from the U.S. Forest Service.

LAST RITES HELD FOR TRUCKEE GIRL

The community paid its last respects to Miss Carol Ann Quilici, 16 year old daughter of Mr. and Mrs. Nat Quilici at impressive funeral rites held Friday at the Assumption Catholic Church. Father Patrick O'Neil officiated at the rites and interment was in the Truckee cemetery.

The huge banks of flowers exemplified the high regard held for the young victim of a tragic automobile accident last week.

Pall bearers, all classmates of Miss Quilici at the local high school, were Leon Hutchison, Robert Williams, Errol Kehm, Craig Robinson, Alan Young, John Firpo and Tim Johnson.

Camper Escapes In Boat Accident On Donner Summit

Stafford Isaac, 38, a member of the Sierra Lake Club, who was camped at Ice Lake on Donner Summit, experienced a narrow escape yesterday when he toppled from a boat and nearly drowned. Isaac had rowed the boat into the middle of the lake to get a bucket of cool water from the bottom and in pulling the bucket in caused the boat to overturn.

Isaac has one wooden leg and was in a precarious position until two nearby campers heard the scream of Mrs. Isaac and went to the rescue.

Dr. Schroder of San Mateo was near the lake and ordered Isaac to the Tahoe Forest Hospital for a checkup. He was brought in by the Truckee ambulance.

19 Forest Fires In District Reported

The Tahoe Forest service in this district reported this week that there have been 19 fires for the season, 13 from lightning, and 6 man-caused.

Last Friday's lightning storm caused five small blazes to start a mile north of Hobart Mills, just northwest of the Truckee Cemetery, at Camp No. 3, 4 miles northwest of Truckee, on Mt. Pluto, and at Dry Creek, according to Henry Tocalini, fire supervisor.

AMBULANCES WILL CUT SPEED IN TOWN

Complaints that the Truckee ambulances are traveling too fast through the business section of town were answered this week by John Lloyd, who with Jack Ellis, operates the service here.

Lloyd explained that the sound of the siren undoubtedly had much to do with the impression of high speed and that the only time he or other drivers exceed the stated speed limit is on emergency calls. He said that his average speed through town is 40 miles an hour but that he plans to reduce this to maintain public confidence.

At the same time both Lloyd and Sergeant Frank Snyder of the California Highway Patrol, pointed out frequent violations of the code governing sirens. All drivers and pedestrians are again urged to heed the siren's wail by providing an open road. Cars must pull as far as possible to the right and stop until the emergency vehicle has passed.

BEVERLY GUNKEL IN PLACER CONTEST

ROSEVILLE—Miss Beverly Gunkel of Tahoe Vista, is one of the 12 Placer County girls who will compete for the title of Miss Placer County Fair Friday.

This was announced by Tom Pugh, director in charge. The fair opened on Thursday for a four-day run.

Miss Gunkel is 16, 5 feet six inches tall and weighs 120 pounds and her measurements are 36-22-36.

The contest will be held at the Outdoor Theater and will be followed by entertainment. Winner of the contest will be entered in the Maid of California contest at the state fair later this month.

STOLEN RENTED BOAT FOUND AT SO. TAHOE

TAHOMA—A rented \$3,000 in-board boat which vanished a week ago was found by El Dorado County deputies near Bijou, El Dorado County, Lake Tahoe.

Placer County Sheriff William A. Scott said the 19 foot mahogany craft was pulled up on the beach and abandoned. He said officers are looking for the two men who rented it for two hours last Saturday from Jake Obexer of Home-wood.

REGISTRATION OPEN FOR YOUNG HUNTERS

Youths desiring to take part in the hunting safety course being offered free of charge to all wishing the lessons may register at McReynolds Sporting Goods at the east end of Donner Lake. Deputy Sheriff Roger Johns, who made the announcement, said notices will be sent to the boys or girls on the date the course will start.

Johns said it is hoped by the sponsors that a sufficient number will register to make the classes worthwhile.

Tax Rate May Be Lower This Year, Auditor Reports

Ten Cent Drop Is Seen As Board Studies 1959 County Costs

There is a possibility that the Nevada County tax rate will drop 10 cents to \$1.95 per \$100 assessed valuation this year.

This was indicated at the meeting of the board of supervisors when County Clerk John T. Trauner advised the members that from present figures, the rate might be cut even another cent.

The budget calls for an expenditure of \$3,063,006 and was adopted without opposition and the final hearing set for August 14 at 10 a.m. in the courthouse.

Last year's total budget requirements were \$18,754 less than the amount called for in the new budget, but "money coming into the county" from state and federal sources through subventions and grants will jump by \$41,809, according to estimates.

Expected county revenue for the upcoming fiscal year, other than from secured taxes, is put at \$1,778,617, Trauner's report shows.

The amount to be raised by the secured tax roll levy for 1958-59 comes to \$685,622, as against \$691,185 last year.

Stolen Car Found In Cascade Lake

AUBURN—Undersheriff Fay Bates said a car found in 38 feet of water in Lower Cascade Lake, three miles southwest of Soda Springs, Nevada County, was reported stolen from Truckee, Nevada County, four years ago.

The car, discovered Wednesday by fishermen, was pulled from the lake late yesterday by Sheriff's Lieutenant H. C. Bretschneider and Constable William Fonseca.

They said the car apparently had been driven over a 50 foot cliff into the lake. It contained no identification or license plates. The 1947 yellow club coupe was reported missing by the owner, Arthur H. Howton of Norden, Nevada County.

APPROVAL IS GIVEN TO WASHOE WORK

A press dispatch from Washington says the house reclamation subcommittee has approved a senate passed bill to authorize construction of a dam on Prosser Creek in connection with the Washoe Reclamation Project in Nevada.

The dam would be designed for flood control and improvement of fish and wildlife.

The legislation also increases the expenditure limitation on the Washoe Project from \$43,700,000 to \$52,000,000 to cover the cost of the Prosser Creek Dam and higher construction costs since the project was authorized.

TWO BABIES BORN AT HOSPITAL HERE

Mr. and Mrs. Alvin Nix welcomed their daughter, Aug. 3, born at Tahoe Forest Hospital. Trudi is the given name of the little girl who weighed 7 pounds 8 1/2 ounces upon arrival.

The name Rhonda has been chosen for the child of Mr. and Mrs. Billie Rogers of Tahoe City who arrived August 5 at Tahoe Forest Hospital. Six pounds 2 1/2 ounces were registered for the baby's weight.

THEFT OF WIRE ON SUMMIT IS PROBED

Investigation is continuing into the theft of \$150 worth of insulated signal wire reported stolen from the Soda Springs Ski Corp. lift during the past week. The theft was reported by Sherman Reams, manager of the corporation and local deputies are conducting the investigation.

The wire was used to signal from the bottom to the top of the lift.

WYETHIA SILVER TEA TO BE HELD AUG. 15

The annual silver tea of the Wyethia Club will be given Friday, August 15 this year in the Gate-way Park home of Mrs. Charles Heller during the hours of 2:30 to 5 o'clock.

Members of the women's club and guests are invited to attend.

Vallejo Fireman Is Selected As Local Deputy By Brown

Leo Zander, for the past 17 years a member of the Vallejo fire department and for seven years a special deputy sheriff in Solano County, has been chosen by Sheriff Wayne Brown as Truckee's fourth deputy. A fifth will be appointed within the next few weeks, the sheriff indicated.

Zander owns his own home at Donner Lake and has been coming to this area on vacation trips for the past 20 years. He is married and has two daughters, one married and the other, Jeanne, living with her parents.

The new deputy will take up his work here Monday, joining Deputy Roy Waters, Emery Lander and Roger Johns.

Zander's appointment to the local position was made, Sheriff Brown said, after a large number of applications were gone over and a thorough investigation of the qualifications of each was made.

Zander said he has tendered his resignation to the City of Vallejo and plans to make this his permanent home and devote full time to the duties required.

Luschenko Faces High Court Trial

AUBURN—Ronald Wayne Luschenko, 27, and Eddie Steve Sessa, 23, both of Sacramento, will be tried in the superior court on charges of attempting to murder John Vincent Santilli, 69.

Judicial District Judge E. T. Erskine yesterday over-ruled a motion by Public Defender Daniel Higgins to dismiss the case. "That's the most ridiculous thing this court could do," he declared.

Santilli was found tied and brutally beaten July 4th in his small cabin in the Shirland Tract, three miles south of here. Luschenko and Sessa were reported to be in the cabin when officers arrived.

Luschenko is awaiting trial in the Nevada County court on a charge involving the theft of a boat and motor at Donner Lake.

JACKIE ROSS TO HEAD UP STAR GOLF LIST

CRYSTAL BAY—Jackie Ross, who is currently appearing at the Crystal Bay Club, has been appointed by Mac McCoskey to head up the invitation committee for the first annual Crystal Bay Club golf tournament to be held at the Brockway Golf Club Course Aug. 10, and 11.

Jackie has Ray Blogger, Milton Berle, Lefty O'Doul, George Gobel, and many other celebrities all scheduled to play.

The tournament will be played behind boughs. After the tournament a victory dinner for all the contestants will be held at the Crystal Bay Club. Prizes and entertainment for all.

WORKMAN INJURED ON BRIDGE PROJECT

Ronald Rasmussen, employed by Frederikson and Watson on a bridge job half a mile west of Boca, suffered head injuries and was rushed to Tahoe Forest Hospital by Truckee ambulance yesterday afternoon when a scaffolding fell on him.

BOY BADLY HURT IN TUMBLE OFF TRUCK

Elmo Saunderson, 14, is in the Tahoe Forest Hospital with serious injuries following a fall from a truck near Hirschdale yesterday afternoon. He is believed to have a broken pelvis, and shoulder as well as other injuries.

He was rushed to the hospital by Truckee ambulance. The boy is a son of Mr. and Mrs. C. A. Saunderson, the former employed on highway construction in the area.

WARDEN DISCOVERS EARLY MORN BLAZE

While scouting the area west of Boca yesterday morning at 3 o'clock, Game Warden Erwin Single discovered an incipient forest fire along the road and quickly summoned the Forest Service suppression crew from Truckee. Indications at the scene were that a carelessly tossed cigarette or an abandoned camp fire was responsible. The damage was small due to the alertness of the warden and fire fighters.

Two Are Killed In Car Accidents As Others Are Hurt

Car Plunges 150 Feet Off Donner Grade When Driver Dozes

Two men were killed in automobile accidents in this region during the weekend.

Otis Melvin McDonald, 41, Newberry, employed by the Granite Construction Company on a highway project near Mystic was fatally injured when the pickup truck he was driving collided head-on with another pickup operated by Joseph Bauer, 46, of San Bruno, Thursday night at 10 p.m.

Bauer was seriously injured and taken to the Tahoe Forest Hospital for treatment.

Sergeant Frank Snyder of the California Highway Patrol said McDonald was driving east and Bauer west. The highway under construction in the area was not marked, the sergeant said and the drivers evidently were confused.

McDonald's body was taken to the Truckee Colonial Mortuary and Monday was taken to Sacramento for funeral services and interment.

Car Off Grade

David Lee Keller, 22, an engineer employed by the division of highways at Kingsvale was fatally hurt when his car ran off Donner grade at Big Shot and plunged into the rocks below. Sergeant Snyder said Keller, traveling east, apparently dozed at the wheel and the car plummeted 150 feet.

Rescuers had to descend hand over hand down a rope to reach the injured man. Keller was rushed to the Tahoe Forest Hospital with fatal head injuries and expired at 6 a.m. Monday.

The body was taken to the Truckee Colonial Mortuary to await the arrival of the victim's mother from the east.

The two deaths marked the third fatal auto accident in this area during the week. Miss Carol Ann Quilici of Truckee having been drowned when the car ran off highway 40 into Donner Creek on July 29.

Car off Road

Jay Donald Hall, 29, Oakland and Phyllis Acquiar, 27, Sattler, were taken to the hospital Friday at 4 p.m. when a car driven by the former ran off the highway half a mile south of the Squaw Valley road on Route 89. Neither was seriously injured. The driver was cited for speeding.

Two Hurt

In another single car accident Saturday at 5:15 a.m., Clifford Crawford, 27, and James Franks, 36, both of San Francisco were taken to the hospital for treatment after the car driven by Crawford ran off the road and down the embankment three miles east of Hirschdale. Crawford was cited by the patrol for speeding, not having his car under control and being on the wrong side of the highway.

Blows Out Tire

William Ventura, 28, employed by the Curran Distributing Company, escaped serious injuries when a tire on his car blew out as he was coming down Donner grade Saturday at 1:40 p.m. The car ran up the bank and overturned. He was taken to the hospital for treatment.

Charles Garayalde, 19, is recovering at Tahoe Forest Hospital from an accident which occurred last Thursday while working for the Granite Construction near the California-Nevada state line. Garayalde was walking beside a road paver when his clothing caught in the machine driven by James Pridemore.

Highway patrol officer Carroll Maynard who investigated said that the paver fractured the young man's leg. No citation was issued.

SEWER, WATER LINES BROKEN BY WORKERS

Richard Walker, sanitation, ordered chlorination of the water in Trout Creek after the main sewer line near Coffey's Garage was broken Tuesday by construction crews working in the vicinity.

The water line of the Truckee Public Utility District just above the sewer line was also broken during the earth upheaval.

Meeting Is Changed

Due to the freeway opening ceremonies on morning of Aug. 14, the next regular meeting of the board of directors of the Truckee Public Utility District will be held August 13 at 9:30 a.m., Manager Edmunds said.

Truckee Will Meet Verdi In Game At Park Here Sunday

Seven runs in the seventh inning by the Fallon Merchants Sunday, put the Truckee Mountaineers back in the losing column after the seventh started off with Truckee out in front 8 to 3. The final score: Fallon, 12, Truckee, 8.

The loss was the fifth straight for the Mountaineers who started off the season in brilliant form, winning six out of seven games.

In the wind up of the season, Truckee will play two more home games, Sunday against Verdi and on August 17 will face Lovelock.

The local boys were going along fine in the first part of Sunday's game and then the visiting batters began finding the offerings of Louis Goicoa and Manager Al Wakefield sent in Ernie Pello to put out the fire. In the ninth, visitors added a couple more runs and Truckee batters failed to connect.

Craig Robinson hit a home run while Goicoa and Cluck hit doubles for Truckee.

Wakefield said he hopes the local team will be out of the slump by Sunday when they meet the Verdi nine here.

The short score:

	R	H	E
Fallon	12	12	11
Truckee	8	11	10
Goicoa and Chaney, Wilson; Goicoa and Pello, Stewart.

TAHOE CITY—Edward Vincent Driscoll of Kings Beach, Lake Tahoe, was bound over to the superior court following a hearing in the district court on charges stemming from the shooting of Michael Gray, Crystal Bay, Lake Tahoe, casino dealer.

LAST RITES HELD FOR MRS IRMA MCCLATCHY

Funeral services were held Tuesday at Sacramento for Mrs. Irma Phleger Pollock McClatchy, 70, who expired here Friday after a brief illness. She was the wife of H. J. McClatchy, and a member of a pioneer Sacramento family.

For many years the deceased lived during the summers at Lake Tahoe and was widely known throughout the area.

FISH PLANT IS NEAR QUOTA IN THIS AREA

Of the 100,000 catchable trout allocated for the Truckee river and Donner Lake this year, the state fish and game commission has thus far planted 72,490, Warden Erwin Single reported this week.

In Donner, 33,274 were planted between April 20 and July 30 in six different plantings ranging from 10,000 to 3,200.

Starting with a plant of 10,000 on June 15, 40,216 trout have been planted in the Truckee river up to July 27, the local warden said.

Other plants which will reach or exceed the allotment are expected.

Edmunds Resigns As Manager Of Local Utility Dist.

Veteran Manager To Stay On As Advisor Under New System

Cecil Edmunds, manager of the Truckee Public Utility District since its inception more than 30 years ago, this week revealed that he was resigning the post effective September 1, but will still serve in an advisory position.

At the same time, Mrs. Edmunds, treasurer and chief accountant for the district, will resign her position.

Present plans call for the board of directors to employ an office manager to handle detail work with an outside superintendent to have charge of the field work. C. M. Dorr, present superintendent, will be retained.

For several months Edmunds has been urging the board to find a successor for his post and a number of applicants have been tried out without the desired results. For the time being, at least, members of the board will exercise more authority over district affairs in an effort to operate the district efficiently and economically. Only limited powers will be entrusted to the office manager and the superintendent, it was indicated by Hal Welch, president of the board.

Edmunds is to be retained as clerk of the board and will continue to serve as advisor.

Business Grows

Under the direction of Edmunds, the district has grown from a \$20,000 struggling beginning to a \$400,000 growing business at the present time. This reflects not alone upon the growth of the community but upon the leadership of the district's manager.

Mr. and Mrs. Edmunds will continue to live here where he is active in many community and state affairs, being a director of the important California-Nevada Water Compact Commission and the Lahontan District Water Pollution Control Board, as well as numerous other projects.

Welch said the board is accepting Edmunds' resignation as manager with reluctance but felt that he has given them ample time to name a successor.

Welch added that no decision has been reached relative to an office manager, but that applications are being considered with the advice of their certified public accountants and the attorneys for the district.

Edmunds said he regrets the necessity for leaving the management, but felt that it was time for a change. His agreement to remain as in an official capacity was welcomed by the board members.

FATHER OF CORONER DIES AT BAY HOME

Alvah Hooper, Nevada County coroner, has returned home after attending the funeral of his father, John T. Hooper, 95, who expired at the home of his daughter in Oakland. He had made his home there since 1931.

The deceased arrived in Grass Valley in 1868 at the age of seven, having observed his birthdate on the high seas en route from England where he was born November 29, 1862. The local son and Carl Hooper of San Francisco and the daughter, Rita of Oakland are close surviving relatives.

Rites were held Monday at Grass Valley.

FATHER McALLISTER LEAVES FOR CAPITAL

Rev. Leo McAllister of Assumption Catholic Church has been assigned to Cathedral of the Blessed Sacrament at Sacramento.

Rev. Paul Reswig of St. Patrick's Church at Grass Valley will replace Rev. McAllister in the local Catholic Church.

WOMAN THREATENS TO BURN JAIL HERE

When she became so emphatic about being lodged in the Truckee jail on a drunk charge that she attempted to burn the bastille, Gertrude Foster, 40, a Lake Tahoe domestic worker, was quickly hauled off to the county jail at Nevada City.

Appearing before Judge F. W. Wilson this week, Mrs. Foster was admonished by the court and sentenced to 10 days in jail, suspended.

LAKE TAHOE ELKS TO MEET TONIGHT

CRYSTAL BAY—Lake Tahoe Elks Lodge No. 2094, to be instituted September 13, will meet tonight at the Crystal Bay Club on the north shore of Lake Tahoe. The meeting will be a dinner meeting and all Elks and men interested in learning about Elkdom are invited to attend. Dinner will be served at 8:00 p.m.

Application for charter membership in the new lodge will be received until the night of August 21. Any man who has his application in the hands of the secretary, James A. Taylor, by that time, will be eligible to qualify as a charter member of the new Lodge.

STREET COMPETITION IS TRAFFIC HAZARD

The elimination of competition
on our streets and highways will
reduce our traffic toll considerably
says Sergeant Frank Snyder of the
California Highway Patrol.

"Facing to get ahead of the other
driver, grabbing the right-of-way,
and cutting in and out of traffic are
all unlawful, unsportsmanlike, and
unsafe competitive actions in traf-
fic," stated Sergeant Snyder in
charge of the patrol's Truckee
substation office. "Such actions
account for a great number of the
traffic accidents in this area."

"Cooperation in place of com-
petition, obedience to the rules
in place of unconcern over traffic
laws, and courtesy to replace bull-
iness on our streets and highways
are necessary for safety in traffic,"
the Sergeant stressed. "Such com-
petition has no place on our high-
ways; so make cooperation your
traffic habit and keep safety your
experience on the roadways of this
area."

an estimate of the basic appor-
tionment, which will be determined
in October and probably will be
more than \$100 million higher than
the advance estimate.

During July, State Controller
Robert Kirkwood will disburse
eight per cent in August and 12
per cent in September.

When the actual apportionment
is determined in October on the
basis of average daily attendance,
two-tenths of that amount, minus
disbursements during July, August
and September, will be paid to the
districts. During the eight months
following, Dec-June, one-tenth will
be apportioned.

The advance apportionment and
the principal apportionment deter-
mined in August represent the
basic apportionment. In addition
to this amount, school districts re-
ceive special funds, including those
for 1st and 2nd period growth and
a small adjustment next June.

NOTICE TO BIDDERS

Notice is hereby given that seal-
ed bids will be received by the
Governing Board of the Tahoe-
Truckee Unified School District,
Placer and Nevada Counties, Cal-
ifornia, at the office of the Superin-
tendent, Truckee, California, on or
before, and no later than August
12, 1958, at eight o'clock P. M. at
which place and time bids will be
opened for the purchase of one
school bus in accordance with the
specifications on file at the office
of the District Superintendent.

The above bus shall meet all re-
quirements of the State of Cal-
ifornia in every respect as set forth
by the State Department of Educa-
tion and the California Highway
Patrol for 1957 regulations.

The Board of Trustees reserves
the right to reject any or all bids,
in part or in toto, to waive any ir-
regularities, and to be the sole
judge of the suitability of equip-
ment offered.

Bidders are required to submit
complete specifications for any and
all items for which bids are offered
and furnish a certified check in
the amount of ten (10%) percent
of the bid to guarantee faithful
performance of contract.

Gage Visits
Had a visit with Bill and Mrs. Gage over the weekend. Bill was formerly chief officer at the Truckee quarantine station for some years. I found him a fine fellow to work under while at the station.

Former Sheriff Dies
One of our respected citizens, George Lothrop, former sheriff of Washoe County, passed away this morning Saturday very suddenly. George and Mrs. Lothrop had a nice home on the golf course and visited us only a couple of days ago. We that knew him were deeply shocked at the sad news. Our hearts go out to Mrs. Lothrop in this hour of sadness.

Golf
Now we've seen it— Sam Harrison, our friend over the street, one arm— playing golf. Doesn't that do your heart good! Wonderful, Sam!

Home
Davey Ashton has arrived home for a furlough of about three weeks. Davey has been at San

Diego aboard the U.S.S. Kearsarge, and was lucky to get the time off in these warlike times.

Visiting
Jean Phillips, Chick Spiller, San Franciscans, have been at Ella Blake's over the weekend. These two swell young ladies are enjoying the fresh air of Lake Tahoe. A trip over Mt. Rose in the evening was their greatest thrill.

New Motel
Here's an up and coming young couple, Bud and Mrs. Jones. They have just finished a combination Real Estate and Motel building at Carnelian Bay. It sure is a beauty.

Court Busy
Big month for the Tahoe Judicial District. Fines and fees amounted to \$5,000 for July including 6 drunk driving offenders.

At the Tahoe Judicial District Court last Friday, three preliminary hearings were held. Clifford Cecil Barker, burglary; Lawrence Hammer, bad checks; and Edward Vincent Driscoll, attempted murder. Each was remanded by Judge Harry Charrison to the superior court for trial.

227,714 UNDER 18 NABBED IN YEAR
SACRAMENTO —(CNS)— The strong arm of the law caught up with 227,714 persons under 18 years of age in California during 1957, the California Youth Authority reported.

This did not include 10,662 cases of children who were taken into custody only for their own protection.

Almost 35 per cent of the total, or 82,736, were arrested for various traffic offenses, while another 58,502 were arrested for more serious offenses. Another 86,476 were taken into custody because of such delinquent tendencies as truancy, running away and being beyond control of their parents.

During the year, 47,213 juveniles were admitted to juvenile halls in the 21 counties which reported figures, with 77 per cent of all hall admissions boys.

Work only.

In accordance with the provisions of Section 1770 of the Labor Code, the Department of Public Works has ascertained the minimum rate of wages applicable to the work to be done to be as follows:

Classification Hourly Rate

Cement Finisher	\$3.37
Concrete Mixer Operator- Up to one yard	3.10
Laborer	2.685
Plumber and Steam Fitter	3.925
Truck Driver - 4 and less than 6 cu. yd. w.l. cap.	2.89
Truck Driver - Less than 4 cu. yd. water lev. cap.	2.76

Any classification omitted herein - Not less than \$2.685

Overtime - Not less than one and one-half times the above rates.

Sundays and Holidays - Not less than one and one-half (1½) times the above rates. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workmen employed on the project.

Plans and specifications, and forms of proposal and Bidder's bond may be obtained by requesting them in writing from the Division of Architecture, Public Works Building, Sacramento, and they may be seen at the Offices of the Division of Architecture, Public Works Building, Sacramento; 1100 South Grand Avenue, Los Angeles; and 1531 Webster Street, Oakland, and the Builders' Exchange Offices.

No bid will be considered unless it is made on a blank form furnished by the Division of Architecture and is made in accordance with the provisions of the Proposal Requirements and Conditions set forth under Section 1, Part II of the specifications. Each bidder must be licensed and also prequalified as required by law. (See said Proposal Requirements and Conditions.)

The Department of Public Works reserves the right to reject any and all bids, and to waive any informality in any bid received.

How to Read Your Electric Meter

Beginning with the left hand dial, record the smallest number that the pointer has just passed. Repeat this operation on the next three dials, recording the numbers in their proper sequence, and the number thus obtained is the reading of the meter.

If, when reading the meter, one of the pointers on the dial is between two numbers, record the smaller number. If a pointer is directly on a number, the next lower number must be recorded unless the pointer to its right has passed 0.

The District will be happy to give you personal instructions in reading your meter if you will call LUther 7-3220.

AFFAIRS OF STATE

Henry C. MacArthur

SACRAMENTO — (CNS)— The prospect that many familiar faces in the state senate and assembly will be missing when the 1959 session rolls around next January appeared even more certain as Secretary of State Frank M. Jordan announced the official vote cast in the June primaries.

First, the Democrats, according to the tabulation, are certain to hold their own in the state senate, where they held sway in 1957 and 1958 by virtue of a 20-20 split in the ranks of the Bourbons and GOP.

And in the assembly, the Democrats are virtually certain, on the strength of the popular vote returns shown, to win a majority, making both houses Democratic, and somewhat assuring Democratic policies in the administration of state government next year.

Five Republican senators are trailing or shaky in the popular vote. Three of them, Senators Jess Dorsey, Bakersfield, Louis G. Sutton, Maxwell, and F. Presley Abshire, Santa Rosa, can be classed as old-timers. Dorsey, who has one of the longest lengths of legislative service of any legislator, counting his service in 1903 and 1905, is definitely trailing his opponent. The leads of Sutton and Abshire are small enough to give the Democrats hope.

Senator James Bush, Ukiah, is relatively new, and Senator Raymond Gregory, San Bernardino, is a freshman senator. Bush holds a slight lead and Gregory is trailing his Democratic opponent.

Sutton is the Republican senator whose vote for president pro tempore in 1957 helped put the Democrats in control of the senate. The Colusa county senator voted for Democrat Hugh Burns when an even split with the lieutenant governor voting Republican, would have kept the GOP in the saddle. Switches of this sort have a habit of eventually catching up with politicians, and this may be the time for Sutton.

In the assembly, Francis C. Lindsay, Loomis, is trailing his Democratic opponent by a sizeable margin. Reports from prominent poli-

**GUEST OUTNUMBER
TAHOE ROTARIANS**

TAHOE CITY— Members of Tahoe City Rotary Club are getting lost among visiting Rotarians, in fact they must get lost for President Martin Spitsen assesses a fine of one dollar if he finds any local members sitting together.

At the July 29 luncheon meeting at Tahoe Inn there were 24 members and 35 visitors present.

George Kehlet, acting program chairman for the month of July apologized for the failure of his program to arrive and called on member Bill Bechdolt to brief the gathering on the question of high and low lake levels. Bechdolt handed out brochures captioned, "Lake Tahoe Faces a Water Problem, Public Opinion Sought".

He said the California-Nevada Interstate Compact Commission has engaged a public opinion survey firm—Field Research Company of San Francisco to conduct a poll of Lake Tahoe land owners this summer, possibly within the next two weeks.

Among the questions to be asked are: what damage have you experienced by high water at 6229.1 feet elevation above sea level, what damage by low water, do you favor lowering the maximum high level

ficians in his district say Lindsay is finished, but others, who have noted his comeback ability in the past, think there might be an outside chance he may come through. Lindsay can be classed as an old-timer in the assembly.

Another Republican assemblyman, Herbert Klocksiem, of Long Beach, also appears doomed to defeat if the popular vote in the primaries can be taken into consideration, as can Don Anderson, of Monterey Park.

Change in control of the assembly already is bringing up problems in the selection of a new speaker for the house.

Should the Democrats decide to organize strictly on a partisan basis, they probably will have to compromise on veteran Assemblyman Ralph Brown, of Stanislaus county. But if the speakership develops into another north-south battle, as it has in the past, then two other assemblymen, Alan Liller, San Fernando, and Carley Porter, of Compton, are in the picture.

A north-south battle easily could throw the assembly into a non-partisan group, with issues determined on the basis of what northern California wants and what southern California wants, instead of what the Democrats and Republicans want, all of which could throw some cold water on a jubilant Democratic victory.

**HOME OWNERS SPLIT
ON PLANS AT SQUAW**

SQUAW VALLEY— Squaw Valley property owners have split over whether zoning regulations for the valley should be more restrictive than for other parts of Placer County.

More than 100 of the property owners attended the first public hearing on Squaw Valley zoning held here Saturday by the county planning commission. The hearing was continued until 10 a.m. August 29th in Auburn.

Many of the property owners objected to the definitions of an Alpine meadow, neighborhood commercial and recreation reserve zoning classifications. Planning Director Mazy Salter admitted these and other definitions pertain to the entire county and not just to Squaw Valley.

The Alpine meadow classification would allow agriculture, golf courses, heliports, churches, grammar schools, corrals and private picnic areas on land zoned under this section.

The property owners objected strongly to any type of buildings in the 200 acre meadow in the heart of the valley. The golf course also was vetoed by a major of property owners present.

Opposition was also made to commercial classifications which would permit the construction of 10 story buildings in the valley. Property owners argued this type of building is not needed in the valley and would destroy the scenic view.

Some property owners called for stringent restrictions in the recreation reserve which would preserve this area in its natural state.

Objections were made to a proposed 20 foot setback from the property line for garages. Property owners argued this would work undue hardship on persons living in snow country.

A revision of the Squaw Valley plan is scheduled to be made by Mrs. Salter before the August 29 meeting.

and would you bear your share of the cost of providing storage elsewhere for the amount of storage lost in Lake Tahoe by reduction of the 6229.1 level.

Bechdolt said it has been determined that there is no more excess water in the Lake Tahoe basin and that several applications for water have been protested. He said that is something for realtors to think about if planning new subdivisions. He said the bureau of reclamation and Sierra Pacific Power Co. protested.

DRUNK DRIVERS ARE HIGHWAY PROBLEM

SACRAMENTO—Drivers under the influence of alcohol continue to present a problem on our highways says the California Highway Patrol.

"During the first five months of this year, drivers who had been drinking were involved in an average of one accident every 30 minutes on the rural highways of California," declared Patrol Commissioner B. R. Caldwell. "This includes those who were obviously drunk, those under the influence, and those who had been drinking although the degree of impairment was not known."

"Although a small reduction in accidents involving drinking drivers has been experienced thus far during 1958, the driver who drinks is too frequently involved in fatal and injury accidents which is a major concern to enforcement personnel," Caldwell stated. "In the enforcement field, the patrol made 5,190 arrests for drunk driving during the first five months, an increase of 30, or 0.6 per cent compared to 1957."

"Frequently drivers take the

COST OF CLEANING ROADSIDES IS HIGH

SACRAMENTO—(CNS)—Roadside cleanup work along California Highways cost the Division of Highways \$641,094 during the 1957-58 fiscal year, the division reported.

The division said it installed advance signs near about 250 of the 1,000 roadside litter cans previously placed by the highways. The results were strange, in some cases, with some residents of nearby homes using the litter cans for

wheel of a motor vehicle after a few drinks thinking they are capable of meeting any emergency. Investigation proves, however, that much of the driving while under the influence of alcohol can be attributed to a lack of realization of the hazards involved with such actions," he continued.

"When a situation arises calling for fast, accurate judgement and action to avoid an accident, the driver who has been drinking finds his reactions slowed to the point where he may be in trouble." The commissioner concluded, "The best and safest policy is to refrain from driving if you have been drinking."

NEWS NOTES FROM TAHOE

by MYRTLE CARNELL

People Are Strange

For weeks now I've been hearing "Oh if only the weather would stay nice and hot." So, the past week its been good and hot and what do we hear golly I sure wish this weather would cool off. But hot, cold, rainy or storming you just can't beat our scenery. I've yet to hear a complaint on that.

Luncheon Meeting

The Tahoe City Women's Club will have a luncheon on Thursday, Aug. 7 at 12:30 p.m. at beautiful Homewood Resort overlooking the lake. The guest speaker for the occasion will be Mrs. John Brubaker. Reservations are not necessary as lunch will be selected from the menu. All guests are welcome. It's an excellent opportunity to see all of your summer friends as well as an enjoyable way to spend your afternoon.

Ice Follies

The Ernest LePires and Robert Snyders have just returned from San Francisco after an enjoyable weekend, highlighted by a visit to the Ice Follies which was their purpose in journeying to the city at this time of year. Irene has wanted to see them for many years and they decided business as busy as it is they would at least see them and according to Irene it was very well worth the time.

Return from Europe

Janet Seates and son, Paul, who have just returned from the extended tour of Europe are occupying their home along the Truckee river. Although they had a wonderful time in Europe they are very happy to be at the lake among their many friends.

At Seattle

Jay Phillip Murphy and Bill Stead, both of this area will be racing in the Gold Cup races this week end at Seattle. The best is wished for both drivers and we'd like to see them come home with the trophy. Bill drove the winning boat at our recent Gold Cup races here.

Model T Club

Chris Edsgaard, former Tahoeite, has been at the lake this past week with the Model T Club who have made their headquarters at Bijou and are touring the area. Chris stopped in at Tahoe City to say hello to his many old time acquaintances.

Return to Lake

Many of our summer friends are spending the remainder of this summer season at their homes. The Augustus Taylors, Jr., of San Francisco are spending this month at their home in the Tahoe Pines area. Also enjoying our lovely summer weather are the Morgan Tissue family in the Tahoe Tavern area. The H. P. Phillips are at home at Carnelian Bay. Also at their lake-shore home at Carnelian Bay are the Hans Windesheims of Berkeley. At home in the Tahoma area are the Ralph Peers of Southern California.

RAISE IN POSTAGE IS HUGE STATE EXPENSE

SACRAMENTO — (CNS)— Got the blues, for costlier billet-doux?

If you're feeling unhappy about the new postage rates, effective Aug. 4, pity the poor state of California. If you sent three pieces of postage a day, either first-class or air mail, your additional cost would be only 18 cents a week (no mail on Sundays, of course), or \$9.36 a year.

Not so with the state. The Department of Finance reported postage for the various and far flung state departments was budgeted for fiscal 1957-58 at \$1,950,000. As

most state mail is first-class, rather than air mail, the average increase for the state would be about 30 per cent, or a cool \$685,000 a year.

One solution, of course, might be to convince bureaucrats they should reduce letter writing by 30 per cent, but it's doubtful this will be effected.

On Aug. 13, 1918, Pvt. Opha M. Johnson became the first woman ever to be sworn into the Marine Corps Women's Reserve.

On Aug. 3, 1942, Mildred A. McAfee became the first woman ever to be commissioned in the Navy.

1930	25 TON MILES PER GALLON

1958	43 TON MILES PER GALLON

Today's gasoline has far more value. An accurate way to measure this value is by "ton-miles". . . the number of miles a gallon of gasoline will move a ton of car. Average performance in 1930 was 25 ton-miles per gallon. Today it's 43 — or 70% more work per gallon.

	2/3¢ PER TON MILE
--	-------------------------

	1/2¢ PER TON MILE
--	-------------------------

Fuel cost per ton-mile is down 18% since 1930. To move a ton of car a mile took 3/4¢ worth of fuel. Modern gasolines move today's heavier cars a ton-mile for about 1/2¢. When you remember you are buying performance, gasoline costs less today than in 1930.

Can you think of any liquid that costs less than gasoline . . . except water?

Quart for quart, gallon for gallon, almost any liquid you buy costs more than gasoline . . . and gasoline performance today costs less than it did in 1930.

In spite of higher operating costs in the oil industry, gasoline prices have been held down through research and intense competition. Since 1930 the price of gasoline (excluding taxes) rose only 23%. During the same period the general cost of living went up 70%.

The taxes on a tankful of gasoline would buy between four and five extra "tax-free" gallons. Combined state and federal taxes, which help pay for better roads, add about 9¢ to the price of every gallon . . . nearly 30% of your gasoline dollar buys no gasoline at all.

PEACE RESTORED IN SQUABBLE AT SQUAW

Peace was restored to the Squaw Valley Olympic Games setup this week with the resignation of a member of the publicity staff and a decision by eight others that "the games are bigger than any individual."

The latest ruckus grew out of the resignation of Alan Bartholemey as technical director. A group of nine staff members asked for an investigation of the circumstances surrounding it.

After a meeting with officials, eight of the group issued a statement saying:

"The information which we have received subsequent to the dispatch of telegrams (to Avery Brudage, IOC president and A. Allen Post, California legislative analyst) now convinces us that this is an administrative matter which should be handled entirely within the organization and we are willing to abide by the decision that has been made."

Any further publicity or delay could only inflict real damage," Roger Thomson, assistant public relations director who joined the organization three months ago, submitted his resignation. In accepting it executive director Robert L. King said that Thomson had agreed his "association with the Squaw Valley project was entirely

SCHOOL LUNCH PLAN IS BRIGHT FOR FALL

the program for the department of education, said liberalized federal regulations will provide a 10 per cent increase, amounting to \$10 million, in the money available. In addition, another \$35 million in surplus funds is expected to be available, making a total gain of about 45 per cent in the program.

As a result, the school districts should be able to continue to sell the hot meals at 25 cents.

"We feel confident the districts should be able to hold the line, or maybe reduce the price," Hemphill said. "It's very encouraging."

This was quite a switch from the 1957-58 year when there was a net loss of about 17 per cent in participation (an actual reduction in numbers of 2 per cent and loss of the normal 15 per cent increase each year). Last year, only 520,000 pupils participated in the program but about 604,000 are expected in

this fall.

Elementary schools normally charge 25 cents for the meals. They received 4 cents a meal last year, plus surplus food. The allotment this fall will be 5 cents a meal, plus an increase in the surplus food.

Last year, because of diminishing district funds and the wider margin between money and food received and the actual meal cost, some districts were forced to increase their prices to 30 or even 35 cents.

dropped noticeably. Other districts When this occurred, participation dropped out of the state-federal program, providing their own meals which did not have to meet standards set up by the state.

Tarzan

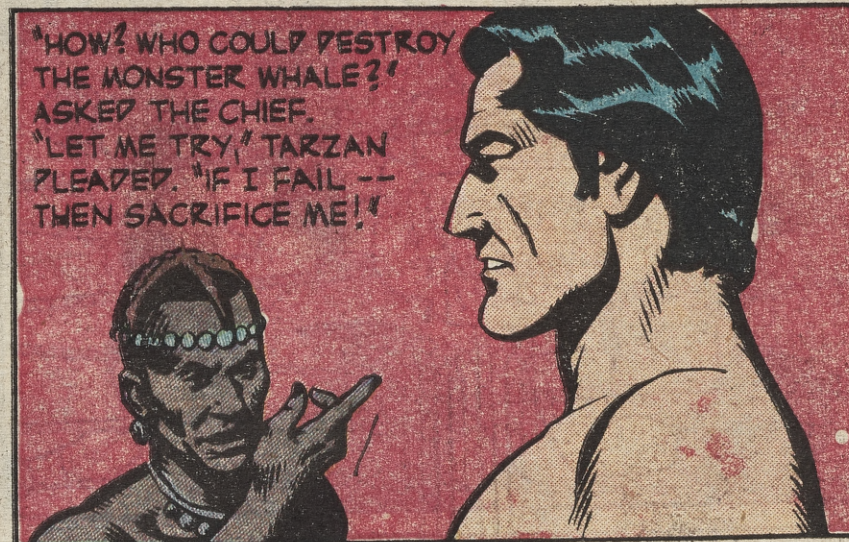

by EDGAR RICE BURROUGHS

TA-HU, A GIGANTIC KILLER WHALE, WATCHED IMPATIENTLY FOR A VICTIM TO FALL INTO THE OCEAN WATERS--

SLOWLY NOW, MADORA NATIVES PRESSED THE APE-MAN BACKWARD. "WAIT!" HE EXCLAIMED. "KILLING ME WILL DO NO GOOD-- YOU MUST KILL TA-HU!"

"HOW? WHO COULD DESTROY THE MONSTER WHALE?" ASKED THE CHIEF. "LET ME TRY," TARZAN PLEADED. "IF I FAIL -- THEN SACRIFICE ME!"

THE CHIEF HESITATED, THEN NODDED. "VERY WELL-- WE WILL RETURN TO THE VILLAGE--MY PEOPLE WILL HELP YOU ALL THEY CAN."

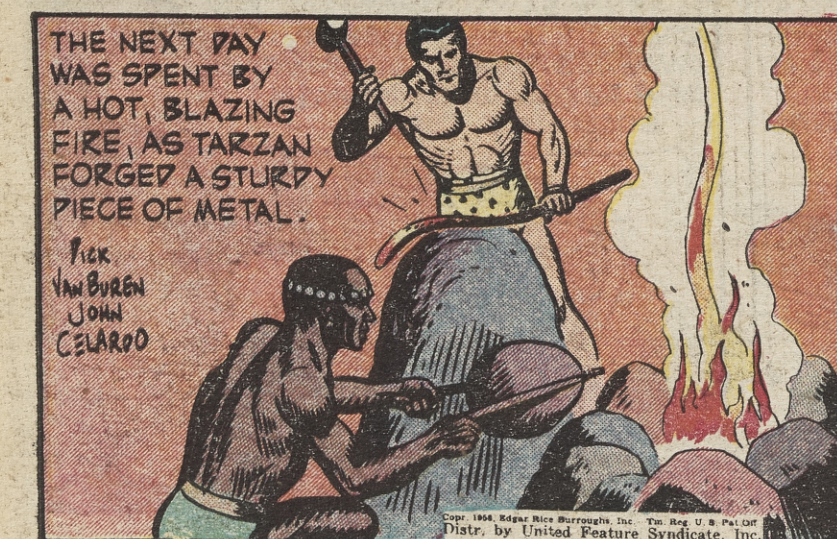

THE APE-MAN IMMEDIATELY ASKED THE NATIVES TO WORK ALL DAY, ENTWINING THE STRONGEST OF VINES AND GRASSES

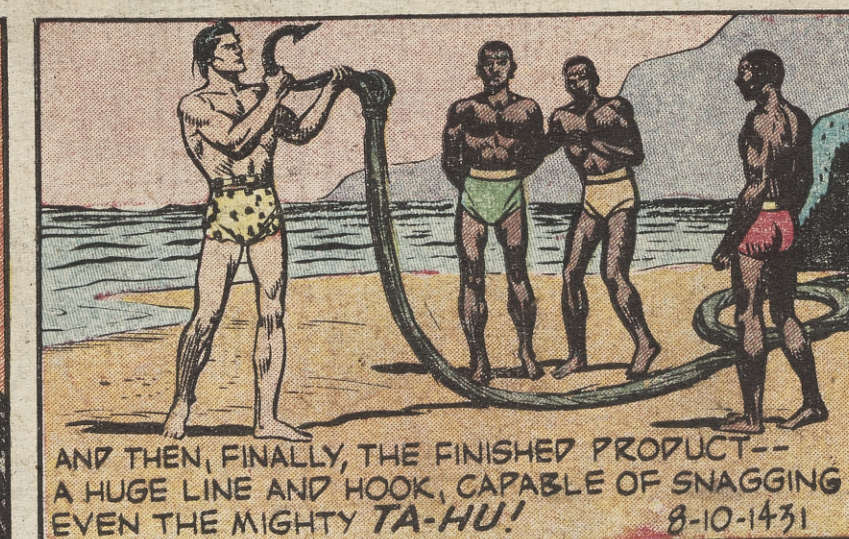

THE NEXT DAY WAS SPENT BY A HOT, BLAZING FIRE, AS TARZAN FORGED A STURDY PIECE OF METAL.

SNAP IT UP, KIDS--WE'RE ON IN THIRTY SECONDS!

WHO'S GOING TO WATCH LEROY WHILE WE'RE ON STAGE?

GULP!

IT'S A (GASP) OSTRICH!

DOES YOUR LIVER BILE TROUBLE YOU?

DOES MY (SHUDDER) WHAT? WHAT AM I TALKING TO? WHAT DO I IMAGINE I HEARD?

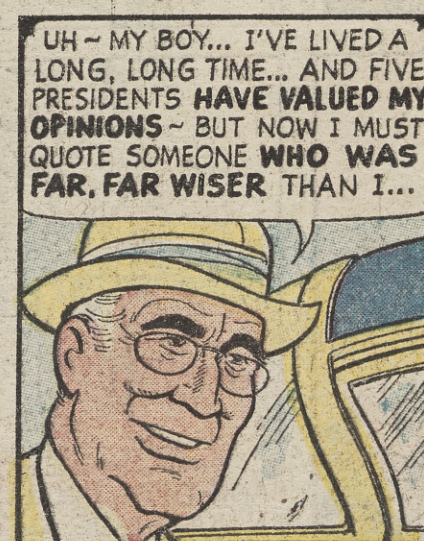

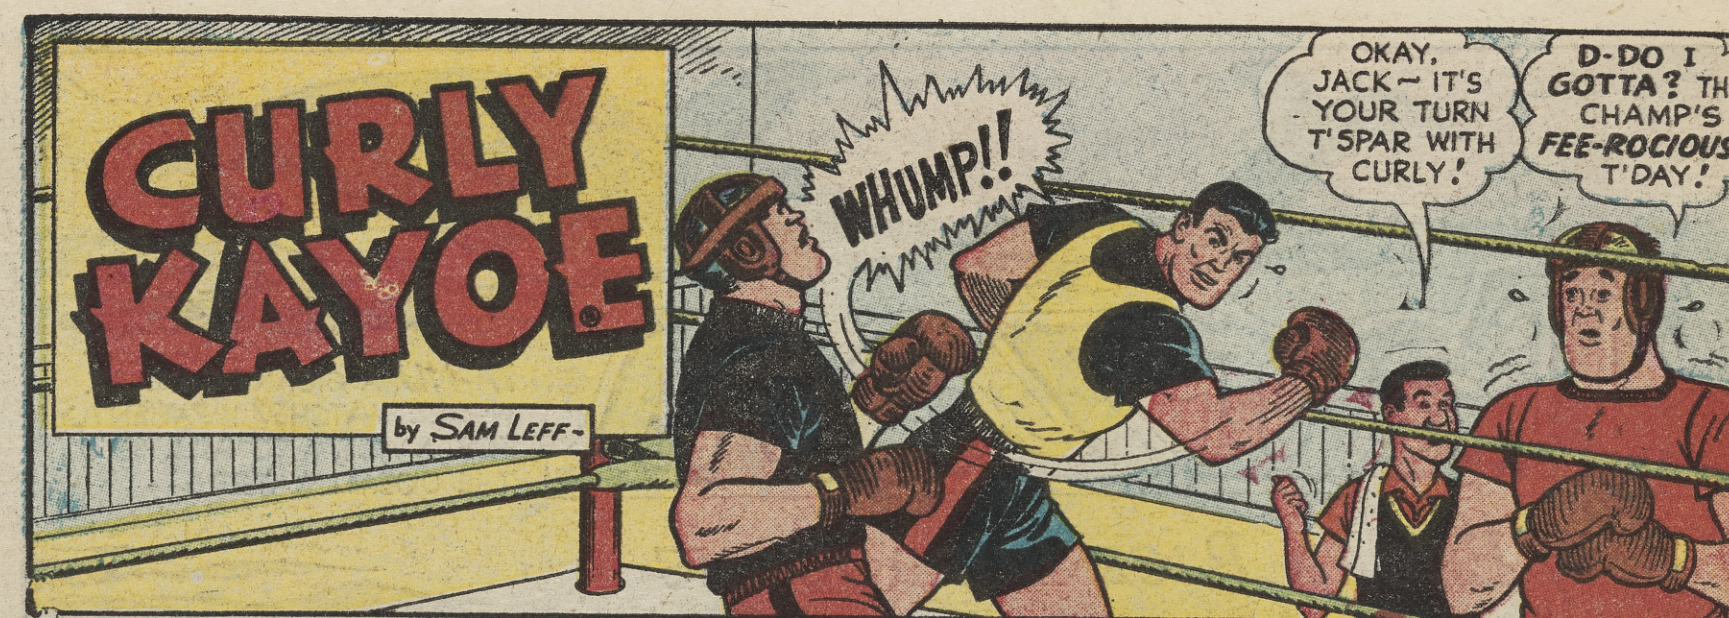

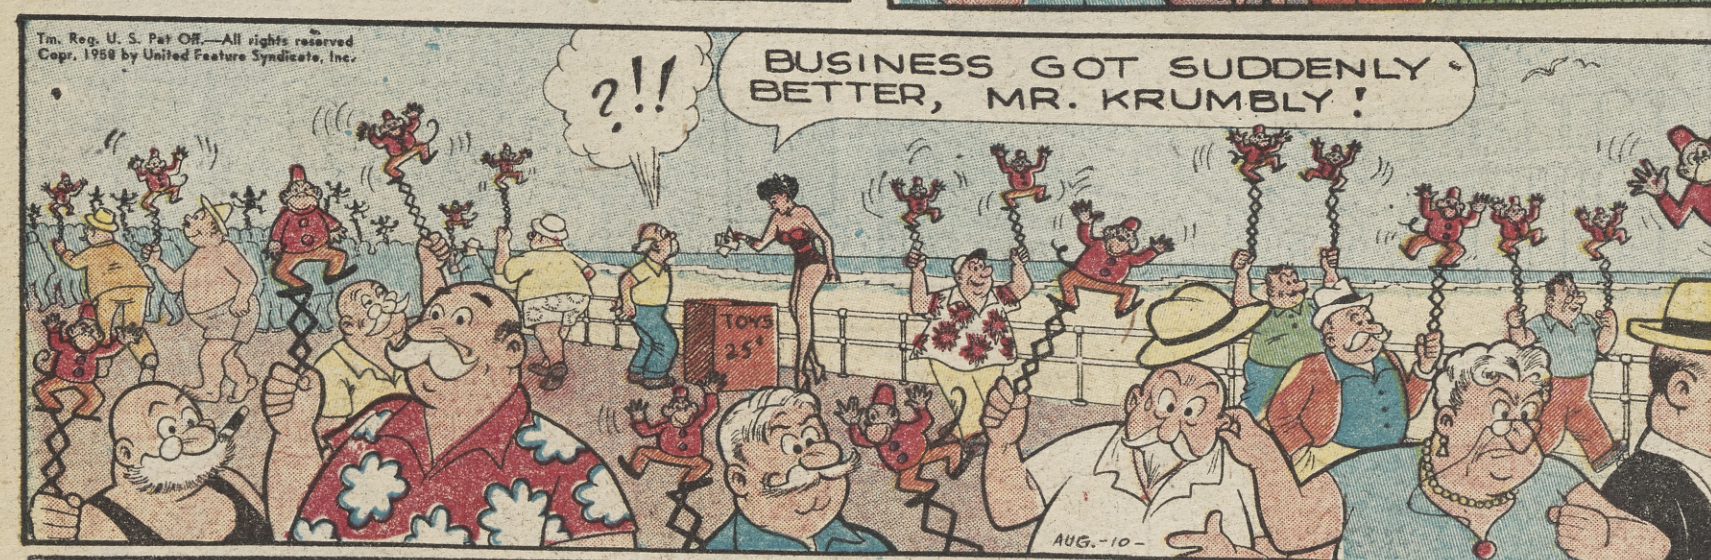

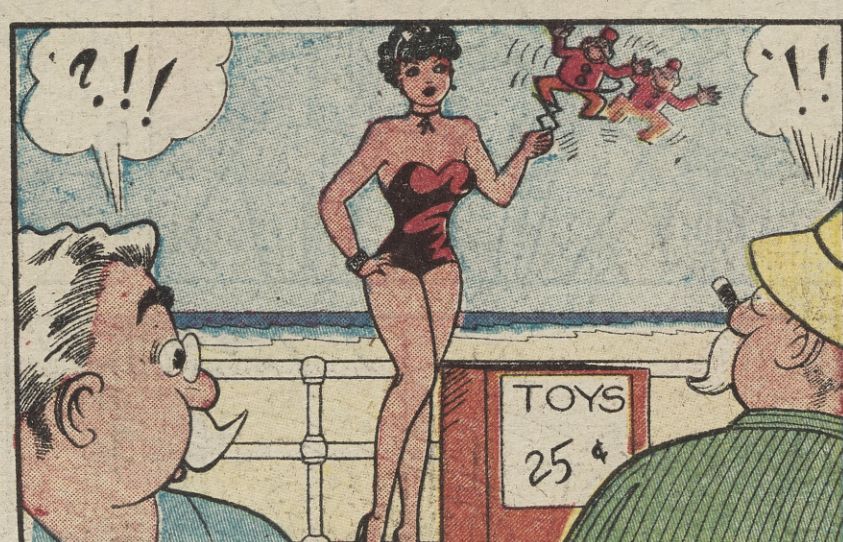

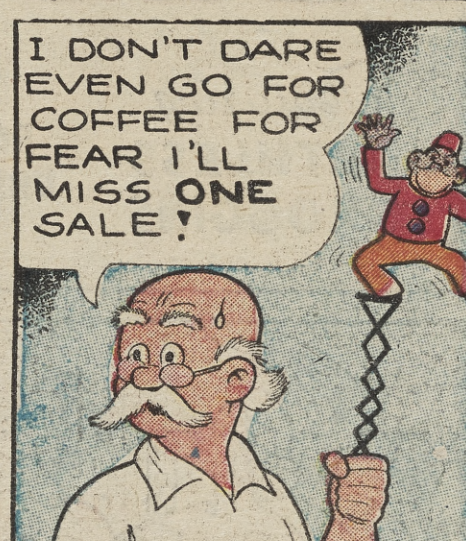

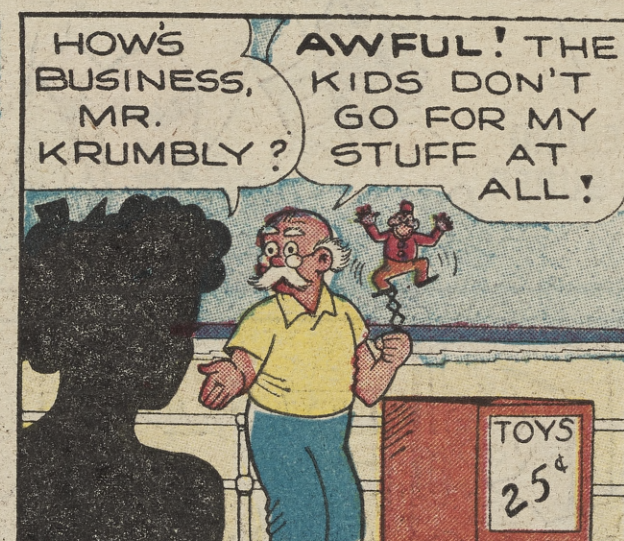

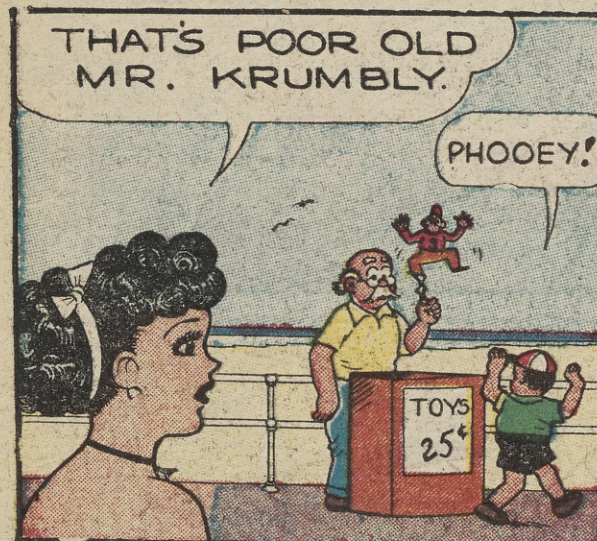

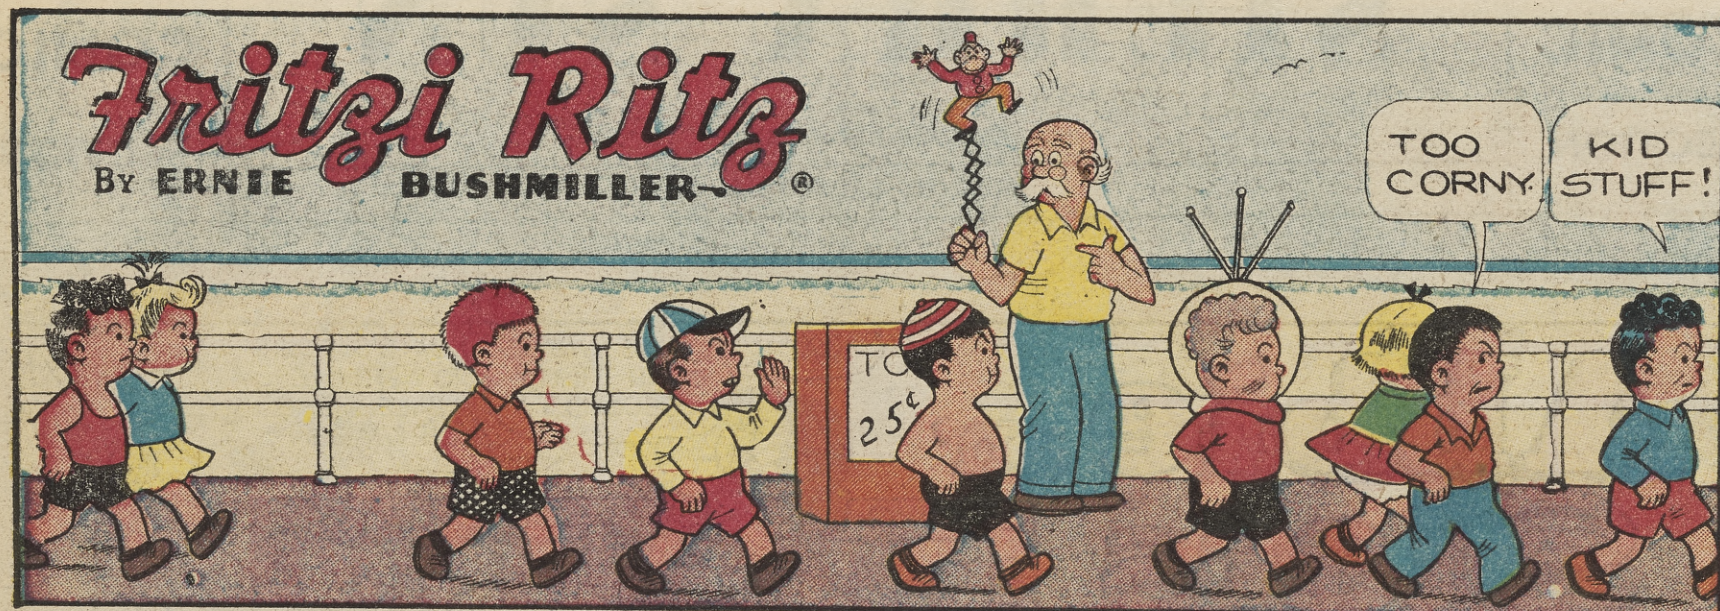

IF YOU'RE A BROKEN-DOWN WRECK, A MISERABLE MESS OF A MAN--DO YOU KNOW WHAT TO DO?

THERE'S ONLY ONE THING TO DO! TURN IN MY BADGE AND HIRE A PSYCHIATRIST! BUT HOW (GROAN) CAN I CONFESS I THOUGHT I HEARD AN OSTRICH TALKING? HOW?

ROCKY'S MOM'S OUT AN' HE'S GOING TO THE GOLDEN BEAR FOR LUNCH... CAN WE GO WITH HIM?

YES... I HAVE NO CHANGE, BUT HERE'S TWO DOLLARS... KEEP IT IN THIS PURSE SO YOU WON'T LOSE IT!

THE GOLDEN BEAR MAKES BETTER HAMBURGERS THAN MY MOM EVEN....

WE NEVER WENT OUT TO LUNCH ALONE BEFORE!

GIMME TWO HAMBURGERS WITH FRENCH FRIES AN' A MALT AN' A WEENIE --

I'LL TAKE THE SAME PLEASE...

ME TOO... BUT I WANT TWO WEENIES, TOO....

THIS WAS REAL GOOD, ROCKY... I'M GLAD WE CAME WITH YOU...

THERE'S ONLY A QUARTER CHANGE HERE... HOW COULD YOU SPEND \$1.75 FOR LUNCH?

IT WAS EASY, MOM... WE DIDN' EAT MUCH, AN' WE SKIPPED DESSERT!
